## A Warm & Humble Welcome: Update From The Physical To The Digital! Welcome To My New Hyperlink Journals Series ^\_^

So September (and 2013!) are coming to a close. =) This month begins the very first month where I will begin to share my **“Digital Locations Visited”** prior to revealing my **“Physical Locations”** being visited. =) You will be able to backtrack where I have visited online beginning this year because I will be sharing my **“Hyperlink Journals”** with you for each month starting next month. ^\_^ September 2013 is one month after my physical birth month and if you would like – You can follow my **“Digital Location Visits”** too! When I browse, I utilize quite a few computers, but I do journalize visited links on each. Keep in mind that the most current **“TIGER M Follow Me Link Journals”** will be released one month ahead of time for each Journal meaning **“TIGER M Follow Me Link Journal (October 2013)”** covers my Digital Address Adventures over the month of **“September 2013.”** World willing – the sharing of my physical show dates and locations will not be far behind the release of the New **“TIGER M Follow Me Hyperlink Journals.”**

Since this will be a journal of the **“Digital Addresses And Hyperlinks”** I visit each month, expect this **“eBook Series”** to be fairly lengthy! (but organized.) Many of the things that will be written about at the open of each month will be completely based on the educations and experiences from my **“Digital Visits”**. =) Do keep in mind that as of this writing, I am a 29 year old adult male who is continuously told that he looks 18, handsome, is caring, giving, considerate or **“cool”** (not my words =3 What I’m told.) so here is a little look **“underneath”** my humble physical exterior. (Which will change over time as will most things). **Blessing** is an understatement, but **“Giving Back”** is my forte and this **“eBook Series”** is simply a start. There are many reasons for me deciding to share the **“TIGER M Follow Me Hyperlink Journals”** but the utmost reasons are **“education”** and my honest desire to share my life experiences. (Seen and Unseen)

A friend of mine once told me, **“I would love to know what is going on in your mind”** with a truth in tone. This got me to thinking, **“How can I share what I am thinking? (right at that moment)”** as well as **“How can I share what I will be thinking later? (in the future... to the past).”** TIGER M.NET was **“born”** some 4 years later and my career as a Professional DJ began 1 Year prior to TIGER M.NET. Although I began DJing vinyl records for friends and family at 7 Years old, DJing and producing music did not occur to me as a career path or a profession until quite some time later. I had wanted to be a career Writer: An author of books to be more precise. I wanted to be a giver of Screenplays and a Novelist of Songs who shared experiences and Poetry through the written word expressing shapes of tangible thought. Now I do both. Blessings I do not take for granted. ^\_^ I do not take you for granted. Thank You for reading. =) I certainly hope that during Your visit You will receive unforgettable memories at the **“Digital Addresses”** shared in this month via Hyperlink. =) Thank You for reading **“TIGER M Follow Me Hyperlink Journals.”** -Tiger
